

# DUCATO

## Basic Equipment

Electric Windows  
Power Steering  
ESC (Electronic Stability Control Contains: Hill Holder Assist, ABS, TCS, ERM, HDC)  
Manual Air Condition  
Central Locking  
Driver's Airbag  
Dual Passenger Seat With 3-Point Central Seatbelt  
Driver's seat Armrest & Lumbar Support  
U-Connect 5" Radio with Bluetooth ®/USB/AUX  
Steering Wheel Controls for Radio  
Bulkhead with Window  
Twin Rear Doors with defogger – Opening 180°  
Normal size Spare Wheel with Tools  
Black frame for front headlights  
Cup holders  
Anchor points in load area  
90 Liters Fuel Tank  
Heated Electric Door Mirrors with blind Spot  
Load Area Protections  
Trip Computer  
Passenger Side Sliding Door  
White Body Color

## Optional Equipment

Cruise Control with Variable Speed Limiter €275  
Rear View Camera €460  
Tablet Holder on Dashboard €100  
Additional price for color other than white €600  
Folding Heated Electric Door Mirrors €230  
AT9- Automatic Gearbox €2500  
Passengers Airbag (Double passenger seat) €360  
270° Twin Rear Doors Opening €300  
2nd Sliding offside Side Door – Driver Side €540  
Reverse Parking Sensors €275  
U-Connect 7" DAB Radio with Bluetooth®/Apple Car Play /Android Auto /USB/AUX €1050  
Front Fog lights with cornering option €280

## Loading Area

The load space in the new Fiat Ducato is square and uniform so that the last piece can be used:

- It is between 2670 - 4070 mm long,
- and up to 1662 - 2172 mm height.
- The width between the wings of the rear wheels is 1422 mm, which means that a European pallet 1200 mm can be loaded easily and quickly.
- The floor can be protected by an extremely durable plywood cover (optional).
- Interior walls can be covered with heat-insulating plastic panel (optional)
- To fasten and hold the load in place, 4 hooks are located on the sides of the load compartment, as well as several lashing points on the level compartment. At the divider between the cargo area and the passenger compartment there is a choice of fixed glass or glass with sliding surface. Also, in addition to the vehicle sizes and loading space mentioned above, FIAT PROFESSIONAL has another 7 sizes of loading spaces ideal to meet.

#### Load compartment Dimensions (in mm)

Load Volume (m3)  
Gross Vehicle Weight (G.V.W) (kg)  
A= load compartment height  
B= width  
C=length  
D=width between wheel arches  
E=load threshold height when unladen  
Rear door width  
Payload Capacity (kg)  
Rear door height  
Side door width  
Side door height

## Accessibility

The world of work has changed. Productivity, technology, reliability and robustness are essential elements. Equally important are adaptability, comfort and style. In the new Fiat Ducato you can make the most of every last inch of space when loading your products. The side sliding doors are available in 2 widths, 1075 and 1250 mm, and 2 heights, 1485 and 1755 mm.

Also:

- Suitcase style handles are easy to use
- Second sliding side door is available on request

The load compartment is extremely easy to access through the rear doors:

- The rear doors are 1.5 m high for the low roof vehicle (H1), almost 1.80 m for the high roof vehicle (H2), and beyond 2 m super high roof vehicle (H3), real record heights
- Two loading door opening options, 180 ° and 270 °, for easier movement around the vehicle when it is in a confined space.

## Warranty

**5 years or 150,000klm Bumper to Bumper**
