## Loading Area

The loading space in the new Fiat Ducato is square and uniform so that the last piece can be used:

- It is between 2670 - 4070 mm long,
  - and up to 1662 - 2172 mm height.
  - The width between the wings of the rear wheels is 1422 mm, which means that a European pallet 1200 mm can be loaded easily and quickly.
  - The floor can be protected by an extremely durable plywood cover (optional).
  - Interior walls can be covered with heat-insulating plastic panel (optional)
  - To fasten and hold the load in place, 4 hooks are located on the sides of the load compartment, as well as several lashing points on the level compartment.
- At the divider between the cargo area and the passenger compartment there is a choice of fixed glass or glass with sliding surface. Also, in addition to the vehicle sizes and loading space mentioned above, **FIAT PROFESSIONAL** has another **7 sizes** of loading spaces ideal to meet.

Available up to 4,005Kg

## Accessibility

The world of work has changed. Productivity, technology, reliability and robustness are essential elements. Equally important are adaptability, comfort and style. In the new Fiat Ducato, you can make the most of every last inch of space when loading your products. The side sliding doors are available in 2 widths, 1075 and 1250 mm, and 2 heights, 1485 and 1755 mm.

Also:

- Suitcase style handles are easy to use
- Second sliding side door is available on request

The load compartment is extremely easy to access through the rear doors:

- The rear doors are 1.5 m high for the low roof vehicle (H1), almost 1.80 m for the high roof vehicle (H2), and beyond 2 m super high roof vehicle (H3), real record heights
- Two loading door opening options, 180° and 270°, for easier movement around the vehicle when it is in a confined space.

## Warranty

### 5 years / 150,000 klm (Bumper to Bumper)

#### LOAD SPACE VOLUME

Great range versatility and up to 17m<sup>3</sup> of load space allow large-sized loads to be transported safely.

#### SQUARED CARGO AREA SHAPE

The perfect base for all Ducato versions, it allows you to arrange goods stored within more effectively, or make your conversion more easily adaptable.

#### LOW THRESHOLD

Simplifies carrying, preventing scuffs and scrapes from lifting items and makes every day loading/unloading easier.
